The Standart Initiates National Values Discussion

TEXT SIZE

A A A

The intellectual elite of Bulgaria gathered in Mati hall in the National Palace of Culture to attempt to clarify what the state of the Bulgarian society is in discussing on What is Sacred at the initiative of the Standart, the Bulgarian National Television, the National Radio and the NPC. The organizers from the Standart should be congratulated on the timely initiative Is There Anything Sacred in Bulgaria?. It is high time that a really serious conversation started on this very important topic. All of us in our professional guilds discuss and are interested in what has been going on for the last twenty years, mostly in the moral aesthetic dimensions of the problem. We cannot but be grieved by the intensifying process of total decay - social, moral and aesthetic which is going on before our very eyes. Save God this initiative is backed by the Bulgarian National Radio, the National Television and other media.
